

Anwar Hossain Sarker

Senior Full Stack Engineer

Email: anwarmahedisr@gmail.com | Phone: +880-1729-532097 | Location: Dhaka, Bangladesh

LinkedIn: <https://linkedin.com/in/anwarsr> | GitHub: <https://github.com/AnwarHossainSR>

Professional Summary

Senior Full Stack Engineer with **6+ years** of experience designing and delivering scalable, cloud-native web applications, SaaS platforms, and microservices architectures. Deep expertise across the full stack — from pixel-perfect React/Next.js frontends to robust Node.js/Python/Laravel backends and AWS cloud infrastructure. Recognized as **Best Employee of the Year 2023**. Proven ability to lead end-to-end product delivery, architect serverless systems, and optimize CI/CD pipelines. Actively open to remote full-stack or backend-focused roles with innovative product teams.

Technical Skills

Languages:	JavaScript (ES6+), TypeScript, Python, PHP, Go, HTML5, CSS3, SQL
Frontend:	React.js, Next.js, Vue.js, TailwindCSS, Redux, Highcharts, REST/GraphQL consumption
Backend:	Node.js, Express.js, Laravel (PHP), Django, FastAPI, GraphQL API design, REST API design
Databases:	PostgreSQL, MySQL, MongoDB, DynamoDB, Redis, Firebase, NoSQL design patterns
Cloud / AWS:	Lambda, API Gateway, ECS, S3, Cognito, RDS, Elastic Beanstalk, CloudFront, MediaServices (VOD)
DevOps:	Docker, Kubernetes, Terraform, GitHub Actions, CI/CD Pipelines, Serverless Framework, Azure
Architecture:	Microservices, Event-Driven Architecture, Kafka, RabbitMQ, Serverless, Clean Architecture
Tools:	Git, JIRA, Trello, Postman, VS Code, Linux, Agile/Scrum

Work Experience

Craftsmen Ltd.

Dhaka, Bangladesh

Software Development Engineer II — Full Stack

May 2024 – Present

- Built a production SaaS **data visualization platform** using React.js and Highcharts, delivering enterprise analytics dashboards with real-time data rendering.
- Architected cloud infrastructure on **AWS ECS, Elastic Beanstalk, Lambda, API Gateway, Cognito, DynamoDB, and S3** — ensuring high availability and horizontal scalability.
- Designed and deployed a **Video-on-Demand (VOD)** content delivery system using AWS Media Services, handling encoding, storage, and adaptive streaming pipelines.
- Provisioned all cloud environments with **Terraform** (Infrastructure as Code), reducing environment drift and enabling one-click reproducible deployments.
- Engineered **CI/CD pipelines** with GitHub Actions and the Serverless Framework, cutting release cycle time by approximately **40%**.
- Built serverless microservices in **Node.js, Express.js, and Python**, integrated with event-driven AWS workflows (SQS, SNS, Lambda triggers).

BJIT Group Ltd.

Dhaka, Bangladesh

Software Engineer — Full Stack

August 2021 – May 2024

- Delivered **10+ full-stack web applications** across e-commerce, logistics, and enterprise domains using React, Next.js, Node.js, Python Django, PHP Laravel, and Vue.js.
- Designed polyglot persistence strategies using **MySQL, MongoDB, PostgreSQL, Firebase, and Redis**, matching database choice to workload characteristics.
- Led cloud adoption initiatives on **AWS**, containerizing services with Docker and orchestrating workloads with Kubernetes for improved scalability and fault isolation.
- Designed **RESTful and GraphQL APIs** consumed by web and mobile clients, enabling clean frontend/backend separation and improved developer experience.
- Collaborated in Agile squads using JIRA and GitHub, consistently delivering sprint goals on time with zero critical post-release incidents.
- Awarded Best Employee of the Year 2023** — recognized for sustained technical excellence and cross-team impact across multiple product lines.

Annonlab

Dhaka, Bangladesh

Junior Software Engineer

March 2021 – August 2021

- Developed and maintained web applications using **JavaScript, jQuery, PHP, and Laravel**, improving site load times and user engagement.
- Implemented responsive, accessible UIs with HTML5 and CSS3 following design specifications.
- Actively participated in code reviews, debugging sessions, and iterative feature development in a fast-paced startup environment.

Education

American International University – Bangladesh (AIUB)

Bachelor of Science in Computer Science

Dhaka, Bangladesh

2018 – 2021

- **CGPA: 3.92 / 4.00**

Ideal College Dhaka

Higher Secondary Certificate (HSC)

2016

- **CGPA: 5.00 / 5.00**

Adarsho School, Bogra

Secondary School Certificate (SSC)

2014

- **CGPA: 5.00 / 5.00**

Achievements & Recognition

- **Best Employee of the Year 2023** — BJIT Group Ltd. Awarded for exceptional performance, technical leadership, and delivery of high-impact products.
- Architected and shipped **serverless platforms on AWS** processing thousands of concurrent requests with 99.9% uptime.
- Built end-to-end **VOD streaming infrastructure** using AWS media pipelines serving real-time content delivery at scale.
- Maintained **perfect academic scores** (5.00/5.00) in both HSC and SSC examinations.
